

**NORRES** welcomes you to the **INTERPLASTICA** in Moscow!

The 14th **INTERPLASTICA**, the International Trade Fair for Plastics and Rubber, opens its doors in Moscow. We at NORRES Schlauchtechnik, one of the world's leading manufacturers of industrial hoses and hose systems, would be delighted to welcome you to the **INTERPLASTICA** from **January, 25 – 28, 2011**.

**You can find NORRES at our Stand No. FA42. Our team is looking forward to meet you there!**

We would be pleased to provide you with in-depth information about our **extensive product portfolio**, including:

- **Efficient, custom-built solutions** for the plastics industry
- New, **permanently antistatic PUR AS** hose family with electrostatic discharge capability
- Plus numerous other products in our successful range

**Take advantage of our technical know-how and be convinced of our abilities!**
