Elektrotechnik 2011 a resounding success

NORRES Schlauchtechnik GmbH & Co. KG has every reason to be pleased with the **ELEKTROTECHNIK 2011** exhibition. The Dortmund **ELEKTROTECHNIK** is Germany's leading regional trade fair for electrical engineering and industrial electronics.

Numerous high-end cable protection products, an enormous selection of connectors and a host of industry and system solutions for visitors representing multiple markets were on show at the NORRES stand at **ELEKTROTECHNIK 2011**. Experts from a wide range of industries profited from the informal atmosphere to discuss both recent innovations and classic products with the NORRES team. In the course of the four exhibition days NORRES forged numerous new customer contacts.
