

**Spiral clamp with eyelet for attaching externally corrugated spiral hoses**

**Properties**

- practically leak-proof and firmly clamping with special bridge geometry
- easily and quickly fitted
- re-usable (threaded)
- rust protected
- very robust
- conform to RoHS guideline

**Design, material**

1. clamp band: W2 stainless steel 1.4016 = AISI 430
2. screw: W2 galvanised steel  
housing: W2 stainless steel 1.4016
3. bridge: stainless steel 1.4301/ AISI 304/ W2 (INOX)  
fixing eyelet: galvanised steel

**Suitable for Hose**

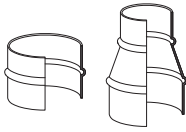

PROTAPE®: 301, 310, 320, 322 EC, 326  
MEMORY, 327 MEMORY, 330 MHF, INOX 330  
MHF-AS, INOX 330 MHF  
AIRDUC®: 341+343+345, 350-355 MHF, HT-PUR  
351+355, INOX 351+355 MHF, INOX 351+355  
MHF-AS, 351+355 EC, 353+355, 362 EC, 362 F  
TIMBERDUC®: 531+533+534 SE  
CP: 450, 450+461 PROTECT, 455 MHF, 457, 459  
EC, 460, 461, INOX 471+472+475 EC+475 F,  
HiTex 480-487
