

Corrugated plastic protection tube made of PA6; highly flexible and liquid tight

### Applications

- cable protection: cable protection conduit, cable protection tube, cable protection hose, electric installation, switch cabinets, switch cabinet installation, cable harnessing/ cable assembly

### Properties

- IP 68 to EN/ IEC 60529

- flame-retardant according to: UL94-HB

### Temperature Range

- -40 °C to 125 °C

### Design

- NORDUC® design
- wall: high grade polyamide (PA)

### Delivery variants

- further diameters and lengths available on request

Overpressure and underpressure are recommended threshold operating values, products can be subjected to higher loads upon request. The bending radius is measured through the inside of the hose arch. The right to make technical modifications is reserved. All values determined at 20 °C and are approx. data. Additional information at [www.norres.com/en/technology/](http://www.norres.com/en/technology/).
