CONNECT TANK TRUCK BRASS 252

Brass tank truck coupling

Applications

- silo, silo vehicle/ silo truck, tanker/ tank truck: silo charging, silo discharging
- for conveying of dry media and liquids

Properties

- according to EN 14420 -6
- Not to be used for explosive fluids group 1 and not according to pressure equipment directive
- REACH according to --> Technology / Technical Information / REACH

Design

· material: brass

Size	Weight	Suitable for hose I.D.	Order No.
(in)	(lb/pcs)	(in)	
	replacement lip-seal t	for type MC, NBR black

1.969	0.750	50	252-0050-8823
3.150	1.830	75	252-0075-8823
3.937	3.594	100	252-0100-8823

Positive and negative pressure ratings are the recommended maximum operating values. Products can be manufactured to meet higher operating values upon request. The bend radius is calculated from the center of the hose in an arched position. Additional information at www.norres.com/us/technology/. NORRES reserves the right to modify technical data at any time. Technical data based on tests at 68 °F and are approx. values. Proper use and maintenance of NORRES hoses is the sole responsibility of purchaser and https://www.norres.com/us/technology/. The individual conditions, applications and the number of variables make firm recommendations technically impossible. This information is intended as a general guide only.
