

ROHS-DIRECTIVE: CONFORMITY OF NORRES PRODUCTS

NORRES informs about the RoHS-directive (Date: 2021-02-04)

The EU directive 2015/863/EU RoHS 3 on the restriction of the use of certain hazardous substances in electrical and electronic equipment replaced the previous directive 2011/65/EC on 2019-07-22. As a manufacturer of technical hoses and flexible hose system solutions, our products are only covered by this directive if they are used by customers as components in electrical and electronic equipment.

Within the RoHS-directive the European Parliament determined maximum permitted concentrations for the following substances:

- Lead (Pb), 0,1 %
- Mercury (Hg), 0,1 %
- Cadmium (Cd), 0,01 %
- Hexavalent chromium (Cr6+), 0,1 %
- Polybrominated biphenyls (PBB), 0,1 %
- Polybrominated diphenyl ether (PBDE), 0,1 %
- Bis(2-ethylhexyl) phthalate (DEHP), 0,1 %
- Butyl benzyl phthalate (BBP), 0,1 %
- Dibutyl phthalate (DBP), 0,1 %
- Diisobutyl phthalate (DIBP), 0,1 %

We hereby confirm that none of the substances mentioned above is intentionally used by NORRES as a recipe component or process auxiliary for the above-mentioned products above the legal limits. Furthermore, we are not aware of any raw material we have processed for the manufacture of the mentioned products that contains above-mentioned substances in proportions above the legal limits as of the current status of this document. Please note that NORRES has not carried out any special analyses in this respect. We refer to information from our raw material suppliers.

The above information is valid for the following products:

- AIRDUC® – for all standard variants listed on the data sheet
- PROTAPE® – for all standard variants listed on the data sheet
- NORPLAST® – for all standard variants listed on the data sheet
- NORRES CP – for all standard variants listed on the data sheet
- BARDUC® – for all standard variants listed on the data sheet
- NORFLEX® – for all standard variants listed on the data sheet
- TIMBERDUC® – for all standard variants listed on the data sheet
- EVA, NEO, SIL,
Superflex, ISODUC – for all standard variants listed on the data sheet
- METAL HOSE – for all standard variants listed on the data sheet
- Schlauchzubehör – for all standard variants listed on the data sheet
- PROzAIR® – for all standard variants listed on the data sheet
- Zubehör für PROzAIR® – for all standard variants listed on the data sheet
- Kabelschutzsysteme – for all standard variants listed on the data sheet
